Luxury Beds - London 1901

Introducing Charlotte

Introducing the Vispring Charlotte bed—a masterpiece of traditional craftsmanship, sustainable comfort, and contemporary design. With a commitment to individual preferences, it offers a choice between two base options, allowing customers to tailor their sleep haven. The seamless blend of classic and modern aesthetics is complemented by a soft, cushioned headboard for added elegance and relaxation.

For a bespoke experience, the Charlotte bed offers a range of fabrics from the Timeless and Natural Collections, allowing you to infuse your style into your sleep sanctuary. Further customisation includes choosing from three metal leg finishes to seamlessly integrate with any bedroom decor.

Beyond its striking design, the Charlotte bed features an all-natural mattress crafted with precision from locally sourced Exmoor Horn wool and Tencel™, reflecting Vispring's commitment to environmentally conscious craftsmanship. This dedication to customisation, attention to detail, and the use of natural materials redefine luxury bedding standards.

Indulge in personalised comfort and timeless elegance with the Vispring Charlotte bed, where every night becomes restful bliss.

The Charlotte mattress stands as a testament to Vispring's dedication to exquisite craftsmanship and sustainability. Each mattress is meticulously hand-filled with natural materials, including the finest Exmoor Horn wool and Tencel™.

Sourced from the lush landscapes of North Devon and Somerset, wool from the Exmoor Horn sheep is known for its exceptional softness, breathability, and resilience. This locally obtained wool enhances the mattress's comfort and contributes to supporting regional communities and eco-friendly practices.

Complementing the wool is Tencel™, a sustainable fabric derived from wood pulp. Tencel™ brings a luxurious touch to the mattress, offering a silky-smooth feel while maintaining environmental consciousness.

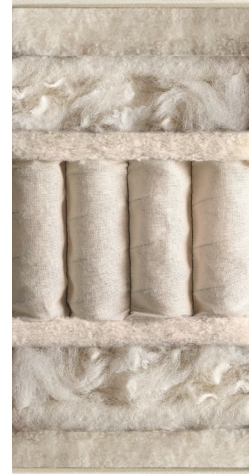

Together, the combination of Exmoor Horn wool and Tencel™ ensures a sleep experience that is not only supremely comfortable but also reflects Vispring's commitment to utilising natural, responsibly sourced materials in the pursuit of an eco-friendly and restful night's sleep.
